NATURKUNDEMUSEUM KARLSRUHE

The State Museum of Natural History Karlsruhe is not only a favorite destination amongst Karlsruhe visitors: with our outstanding collections and research activities, we are also one of Germany's largest natural history museums. We place great value both on scientific research and the visitor experience. Research, collection and preservation, communicating knowledge – we believe it is our job to connect the dots between these traditional responsibilities of a museum.

MUSEUM FRIEDER BURDA BADEN-BADEN

The Dom of Speyer is a cathedral and place of pilgrimage. Since 1981 it is been a Unesco world heritage site.

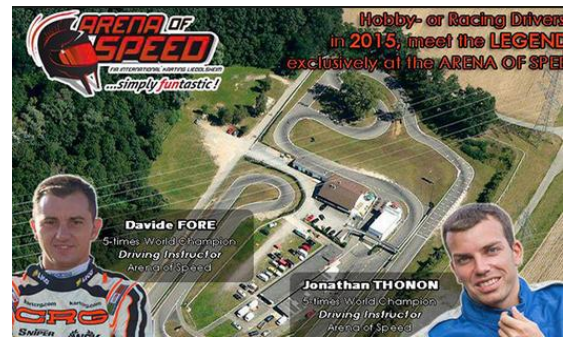

Each year, Heidelberg Palace attracts approximately one million visitors from all over the world. Since the early 19th century, these impressive ruins have been synonymous with Romanticism.
